

卧式浆料混合机

HORIZONTAL PASTE MIXER

浆料混合 粉体混合 砂浆混合

WLH 卧式浆料混合机

WLH HORIZONTAL PASTE MIXER

描述:

卧式单轴桨叶混合机（浆料搅拌机）适用于粘性的液体浆料混合工

Description:

Horizontal paste mixer, with special structural paddle and coiled inner ribbon, is suitable for mixing material of viscosity and fluidity. It has characteristics of even, high-efficiency mixing and high production output. Paste material is repeatedly agitated and can be mixed with liquid, powder, granule etc.

Performance:

Capacity: 300-5000liters

Drive: 11-55KW

Mixing time: 5-30 minutes
